Company Overview:

The Clean Water Business LLC (TCWB) is a small woman-owned business that specializes in stormwater education products and services, offers stormwater management consulting, assistance with the research and application of funds, project management and regulatory support for water resource management and conservation projects.

Key Personnel:

Leigh Ann Gerardi McCulla, owner, is a Certified Professional in Erosion and Sediment Control – In Training (CPESC-IT) for stormwater management, has over 20 years of public education experience in the fields of stormwater, water resource management, conservation and environmental issues, 10 years of experience in grant writing and project management, and over 6 years of watershed management and planning experience.

She has a BA from the Ohio State University in Communications with additional coursework in natural resources. Her project management experience includes - ODNR-Watershed Coordinator Implementation grant, Ohio EPA- 319 Non-point Source grant, US Div. Wildlife -North American Conservation Act grant, Dayton Foundation Conservation Fund grant and Director of Honey Creek Watershed Association - watershed coordination, planning and stakeholder involvement, , conservation easements and other water resource management projects.

Services:

TCWB creates and administers public stormwater education programs and staff training programs for municipalities, and provides good housekeeping trainings for industrial and construction staff. Consults on stormwater regulation, stream restoration, and watershed and conservation planning. Provides project management, grant and report writing and administrative assistance.

Contact Information: Leigh Ann Gerardi McCulla, Owner (Phone) 937-554-7371
